BEACH AND GROUNDS ETIQUETTE

- ❗ Pups are permitted on the designated area of the Resort's beach and to the north of the Resort. Pups are not allowed on Carlin Park Beach, south of the resort. If you want your pup to visit with other local pups, the public beach in Juno is also pup friendly and very popular!
- ❗ To preserve the beauty and cleanliness of the Resort a pup wash station is available at the beach. After a walk on the beach with your pup, a thorough rinsing to rid your pet of sand is expected. Please do not wash your pup in your guest room as excessive sand can lead to clogged drains, and may result in forfeiture of your initial deposit.
- ❗ The pup walking zone is conveniently located anywhere west of the Valet Parking Lot to the Resort entrance. We ask that you pick up after your pup and plastic elimination bags are provided both from the front desk and at disposal stations along the walking area. Please encourage your pup to only eliminate in the designated areas!
